

ELECTRICITY TARIFFS

ADJUSTMENT: IMPLEMENTATION FROM 1 JULY 2018

The Electricity Act 4 of 2007 Section 36(5) (b) states that "such regional council or local authority council must, prior to the introduction of a new or amended charge, fee or other moneys, announce such new or amended charge, fee or other moneys in at least two newspapers circulating in its area." You are herewith informed that all electricity tariffs have been adjusted effective as from 01, July 2018 with an average increase of 7.6%. The adjustment of tariffs has been necessitated by factors such as inflation rate, average increase of 5% on the purchase price by the bulk electricity supplier, which is effective from 1st July 2018 and the commitment of the City of Windhoek to ensure secure, reliable and high quality of supply of electricity.
